April 10, 2018
Save the Date
CHP
Combined Heat and Power
Summit
Eastern Missouri

The future of energy is here.

Join Spire and the Missouri Department of Economic Development as we explore the benefits of a CHP energy solution for your organization.

April 10, 2018

9 a.m. – 4:30 p.m.

St. Charles Convention Center

1 Convention Center Plaza
St. Charles, MO 63303

Look for an official invitation with additional event details.

The CHP Summit will be especially beneficial for:

We will discuss your energy pain points, including:

- Operational costs
- Sustainability
- Reliability of energy supply
- The ability to keep the door open during extreme events

We will examine energy solutions for:

- Hospitals
- Universities or colleges
- Correctional facilities
- Nursing homes or assisted-living facilities

This summit will be especially beneficial if you are a:

- Facility or energy manager
- Financial officer
- Design consultant working with a current clients
