

## PRESIDENT'S CORNER

Mike Bock  
mike\_bock@SSMHC.com

*We* continue to enjoy growth with MOSHE, the membership has already reached 248! This makes MOSHE the second largest Personal Member Group in the Missouri Hospital Association, second only to Nursing. At the rate we continue to grow, we could be the largest Personal Member Group in 2013, if not before. With the guidance of our Education Committee, we continue offering exceptional educational opportunities for our members. Again, I want to **“THANK”** this vital Committee for all they do for MOSHE.

MOSHE has achieved the Platinum Level of Affiliation from ASHE. It takes a minimum of five consecutive years of maintaining Gold Level and a great deal of commitment from numerous people to achieve this prestigious recognition. I am very proud to be a part of this great Chapter and help lead MOSHE to this milestone. I have been involved with MOSHE for about 25 years and have gained an abundance of knowledge and experience from all of you, my peers and consultants. If you are not actively involved in MOSHE, I highly recommend that you get involved. We have so much that we can share with one another in an effort to ensure our healthcare organizations provide the best healthcare possible to all we serve. I plan to accept the award from ASHE this year at the Annual ASHE Conference held in San Antonio, Texas, July 15th through the 18th. I hope to see all of you there.

If you are not currently a member of ASHE, I encourage you to look into the benefits of ASHE membership in addition to MOSHE. ASHE is a great resource for the day to day issues we face in our facilities. You can visit their website at [ASHE.com](http://ASHE.com). I would also like to remind you to visit the MOSHE website ([mosheonline.org](http://mosheonline.org)). If we do not already have a photograph of your Hospital listed on our website, please send us a photo so we can include it on our website.

We will not have a meeting in July due to the ASHE Annual conference in San Antonio. The August 21st Education Program will be held at the Eric P Newman Education Center, Washington University Medical Center. Doug Erickson, Northstar Management, and Roger Brown, Gilbane, will have a presentation on “Guideline for Design and Construction of Healthcare Facilities—2010—Edition. This will be the latest information for all Facility Directors to be ready for The Joint Commission. I hope you have saved the date for our Annual Education/Golf Outing which is on Monday, September 24th at Bear Creek Golf Club, Wentzville. We will start the day with our education program on “Active Shooter Risk Mitigation”, presented by Rod Schaeffer with Mitigation Dynamics Inc. This event is always a great day filled with opportunities for networking and enjoying some much deserved R&R on the course.

If you have any questions about becoming more active in MOSHE or joining ASHE, please let me know.

*Mike L. Bock, SMA, CFM, 2012 MOSHE President*

The first half of the 2012 Education Programs have brought record attendance with highly recognized speakers. Some of the highlights for the second half include the July 15-18 ASHE Annual Conference in San Antonio. The August 21st education program will be held at the Eric P Newman Education Center in St. Louis. The speakers, Doug Erickson, Northstar Management; and Roger Brown, Gilbane; will be presenting on "Guideline for Design and Construction of Healthcare Facilities". The September 24 education program will be held at Bear Creek Country Club prior to the Annual Golf Outing. October 16th program will be in Columbia. The November 8th education program at the Annual MHA Convention will feature Bob Bartels, Safety Management Services presenting "Managing the Risk Assessment Process and TJC Compliance Update". We look forward to seeing everyone for the second half of 2012!
