PRESIDENT'S CORNER

Wow I can't believe how fast this year has flown by. Seems like just yesterday, I was starting what would be my third term over the last several years as President of this Great Society MOSHE. I must say it has been a truly rewarding experience again and I am thankful for all of you and the support you provided me throughout the year. I know that Dan Mohrman will continue to provide exceptional leadership for MOSHE in 2013 as President and that everyone will provide Dan the same support and assistance you have me. In addition to our new president we have some new Board Members. I ask that all of us seasoned Board members be there to mentor and coach them as needed. Then last but certainly not least, we have the very important

committees that are instrumental in the growth and quality of MOSHE. All of these members play a critical role in the success of the Chapter. We would not be what we are today without each of them. These members take time out of their already full schedules and spend many hours behind the scene to ensure we have meaningful Educational programs for our membership. Again I can't "THANK" all of these members enough for their personal commitment to MOSHE.

We continue to enjoy growth with MOSHE, the membership currently stands at 296! This makes MOSHE the second largest Personal Member Group in the Missouri Hospital Association, second only to Nursing which has 315 members. At the rate we continue to grow, we could very well be the largest Personal Member Group in 2013. With the guidance of our Education Committee, we continue to offer exceptional educational opportunities for our members. Again, I want to "THANK" this vital Committee for all they do for MOSHE. I am sure the work of this group in 2013 will be just as exceptional as it was in 2012.

I know I said this in the last Newsletter but I must say it again as I feel very strongly about it. I have been involved with MOSHE for about 25 years and have gained an abundance of knowledge and experience from all of you, my peers and consultants. If you are not actively involved in MOSHE, I highly recommend that you get involved. We have so much that we can share with one another in an effort to ensure our healthcare organizations provide the best healthcare possible to all we serve. Also, if you are not currently a member of ASHE, I encourage you to look into the benefits of ASHE membership in addition to MOSHE membership. ASHE is a great resource for the day to day issues we face in our facilities. You can visit their website at ASHE.com. I would also like to remind you to visit the MOSHE website at mosheonline.org.

As we close the book on 2012, it is also the Christmas Season. I hope everyone will have the opportunity and take some time to reflect on the past year, spend time with family, loved ones and remember the reason for the season. We are very blessed to live in the USA. I wish all of you and your families a Merry Christmas and Happy New Year.

If you have any questions about becoming more active in MOSHE or joining ASHE, please let me know.
