PRESIDENT'S CORNER

Doug Ruble
doug.ruble@hrhonline.org

It is hard to believe the summer has gone by so fast. What a year it's been so far for MOSHE with our extremely successful monthly educational sessions, 1st webinar, exceptional golf outing, and outstanding 3rd annual one day educational conference & vendor show. There is still more to come at the MHA Convention / Trade Show and the MOSHE educational presentation "Vulnerability of a Hospital Network". What a relevant topic and of interest to all Hospital leaders.

MOSHE has grown to 332 members who understand the value of being part of the MOSHE Chapter. I want to take this opportunity to challenge you to help in the continued growth in membership. Seek out the facility teams in acute care, critical access, and long term care organizations that are not currently involved with MOSHE. Have conversations with the senior leaders of these organizations, tell the story of **WHO** from their organization would benefit from being a member. Tell them **HOW** our chapter has provided networking opportunities, access to information, and training that has improved performance within your organization and positively impacted your career. Tell the story of **WHY** it is extremely important for them to access these valuable education opportunities and our healthcare engineering support network to assist them in building high reliability facilities providing accessible, affordable and high quality care to our customers.

I would like to thank you all for allowing me to serve as President of MOSHE in 2015. It is an honor and a privilege to represent such an outstanding organization. MOSHE will also continue to be a strong advocate for improving and streamlining codes and regulations that govern operations while striving to maintain a safe, comfortable and efficient Healthcare environment in our facilities.

Your continued unwavering support is the reason MOSHE has evolved into such a high performance ASHE Chapter. THANK YOU!

Doug Ruble, CHFM, CPE, RHSO
2015 MOSHE PRESIDENT
Vice President - Facilities
Hannibal Regional Healthcare System, Inc.

MOSHE is dedicated to improving the quality of healthcare in Missouri through the professional development of individuals in the supporting and allied fields.

MOSHE is composed of healthcare support personnel from the finest facilities all over the state of Missouri. With members statewide and numerous associate members, we are a concentrated membership of professionals supporting facilities and operations for the delivery of quality healthcare.
